

(Training for Intervention Procedures)

The **HDA Team** is proud to announce the addition of our Alcohol Management program featuring the **TiPS** program. With certification, your establishment can receive a substantial discount on your liquor liability insurance and enjoy the piece of mind that your servers are well versed in handling "over served" patrons.

With this program, servers will learn:

- How alcohol affects the body
 - How to prevent intoxication
 - How to refuse service
 - How to prevent disturbances
 - The liability aspects of serving on the establishment
- And much more.....

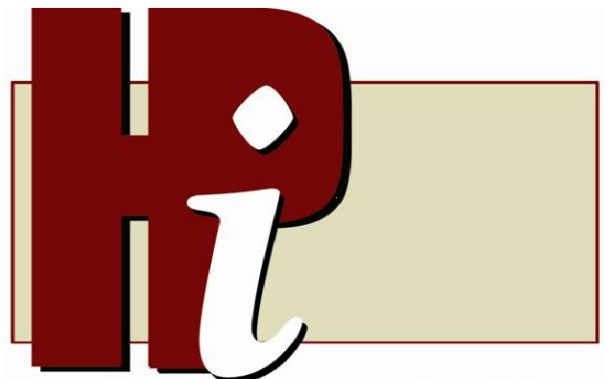

For a schedule of upcoming classes visit www.hdateam.com or call Corey Schuster at the Hospitality Insurance Providers at 636.248.0953
